- Due to the variety of materials/production processes used during printing, we cannot guarantee a full pantone match, however we will endeavour to match as closely as possible to specified colours.
- As a result of the constraints of textile printing, we can only use 'uncoated' ink, therefore your pantone reference will need to be a 'u' code.
- If you are expecting coated ink ('c' code) please double check the pantone colour against an uncoated pantone book before approving the artwork as coated ink will differ in colour to uncoated ink.
- The colour and texture of a product can have an effect on the final print colour.
- Where ink colour is critical, please request a printed sample to ensure colour accuracy.

HOPE IN ACTION

By Matt Abbott

a blueprint. a greenspace.
a workplace. a home.
expertise will guide us
as imaginations roam.

don't wait for dust to settle
or sit back and react:
we've to plot some brand-new highways
whilst getting back on track.

and we've come so far
to reach this point,
but there's no use standing still.
we need solutions
that are sustainable
and showcase all our skills.

we live in a United Kingdom
where the places are growing stronger.
we've the know-how
and the appetite
to build better
and for longer.

and from public, to private,
to contractors, and investors:
today's about resilience
now tomorrow has
started to test us.

this is hope - in action -
as we see the stars align.
the world paused
for two long years:
now it's time
to redefine.

*** Please note red boxes indicate areas that have fine detail and therefore on production, will not print clearly.
This area is very likely to fill in and or not print clearly.
We would recommend a UV digital transfer as an alternative, which would achieve excellent detail.**

Print Size: As artwork. Final artwork at 1:1 scale (100%). Please note: this is the artwork we print from for production.
