Please check every aspect of your proof carefully before approving.

This proof is intended for content and approximate print position only. Please note that due to the printing process, the positioning of your print may vary but will stay within the print guidelines of your proof. It is the client's responsibility to ensure that the proof is correct in all areas. While we will bring to your attention any errors that we notice, YOU ARE RESPONSIBLE FOR THE ACCURACY OF YOUR PROOF INCLUDING BUT NOT LIMITED TO PROOFREADING, PANTONE NUMBERS, POSITIONING AND ERRORS. If a proof containing errors is approved by the client, the client will be responsible for full productions costs (screens, setup charges etc.), including corrections and reprints.

Colour appearance on your proof will vary on each computer screen it is viewed on due to individual screen settings. If exact colour matching is critical, then your must let us know at the beginning of the job and specify PMS colours or otherwise provide colour samples. If you want to check colour matching before we go into production then we strongly urge you to request a pre-production sample. Likewise, if the resolution / print quality of the finished print is critical to the job then we strongly urge you to request a pre-production sample printed at full size so that you can check and approve print resolution before we print the entire job. If you require a pre-production sample from us before we print the entire job, please allow sufficient time for the sampling process (usually an extra 2-to-3 days) in your scheduling of the project. Please note that there is an additional charge per pre-production sample.. The customer is 100% responsible for approvals of Copyright, Trademark and Licensing Agreements of artwork
