(please note coloured borders maybe added to artwork to match bag fabric)

• Due to the variety of materials/production processes used during printing, we cannot guarantee a full pantone match, however we will endeavour to match as closely as possible to specified colours.

• As a result of the constraints 4 Colour Process printing, we will match as closely as possible to Process Coated Pantone References, therefore your pantone reference will need to be a 'CP' code. If you are expecting anything other than this please double check the pantone colour against a Process Coated pantone book before approving the artwork as Process colours will differ from spot colours.

• The colour and texture of a product can have an effect on the final print colour.

• Where ink colour is critical, please request a printed sample to ensure colour accuracy.
