This proof was generated on a computer graphics package and will be viewed either on a screen or on a local print out copy. It is intended to give a rough idea of what the finished job will look like (what is seen above will be printed). The colours are not exact matches of the Pantone colours. (The Pantone colours specified will be used when the job goes to print, but it must be remembered that the application of lamination will slightly change the colour of the finished result). The dotted lines in the proof indicate the crease lines, and will not be printed.
All printing of custom printed bags is subject to tolerances in paper, print and chargeable tolerance
