* Printer notes - For all coated paper – Silk, Gloss etc we used the original pantone 1788C. This goes for Digitally printed collateral as well - the digital press does a really good job of converting the Pantone into a CMYK derivative.

For all the uncoated papers, Letterheads, billing paper etc we have used Pantone 032U red as this gave a better colour match to the coated paper prints.

Our logo

In most cases the Herrington Carmichael logo is supported by a natural white border and it should always support the word solicitors. When bordering other objects or logos we would like at least a 5mm gap from the outer border of our logo. When using backgrounds for literature we ask that we use the darker grey to bring contrast or red.

International Legal Services

Our International Legal Services and Expat Legal Services continue to support our business growth and our network of clients and referrals worldwide.

Herrington Carmichael has a diverse client-base covering multi-national organisations, entrepreneurial businesses and individuals, we regularly provide and coordinate advice on international legal projects across a range of jurisdictions.

We are a long-standing member of the IR Global network having established relationships with over 130 firms in all major jurisdictions across Asia, Africa, the Americas and Europe; meaning we are well equipped to provide international legal advice and support that's tailored to your requirements.

Providing UK legal advice to our international clients is a core part of our business and we frequently work with members of the IR Global network and our clients' existing overseas advisers to support them with their commercial or private legal requirements.

We also support our client's international requirements by working with like-minded independent law firms around the globe or their existing counsel. We work with firms that share our values and provide expert advice. We have invested considerable resources establishing relationships within our network so that we can be transparent and work without interruption to support your
