

Artwork**Proof**

Order Ref : PRIM2040

Page 1 of 1

Our Job Ref : 90956

Proof Version No. 2

Date : 04-10-2022

Artwork/Typeset

Designer / Artworker : Pete

Charges: £0.00

Print Colour(s) :

Black

n/a

n/a

n/a

Print Size : 32 x 5mm

Artwork Notes :

Proof design not to scale (unless stated) and shows approximate position of artwork.

Every effort will be made to match Pantone references, however on certain substrates this is not possible as colours can be altered by the base colour of the product which cannot be illustrated on this proof. It also does not allow for any stretching or distortion that may occur due to the shape of the product. Please be aware that the finished print will not match the density / brightness of the colour shown on this visual. **Any fine detail and small text could fill in or print unclear particularly on small items.**

Please note when visualising engraved products we are unaware of the base colour, this is only revealed at the engraving stage and any visual produced will not necessarily show the finished colour of the mark.

Please check the approval carefully, including spelling, print size, print position, print colours and artwork charges. Your approval confirms that we are to proceed based on the information supplied on this proof, and we cannot accept liability for any post completion errors or omissions.

The first PDF will be supplied FOC, thereafter additional proofs will be charged at £5.00 per proof. Work required due to amendments to artwork, amended instructions or additional typesetting will also be charged for.

Please note that on repeat jobs an exact colour & positional match to the previous job can only be guaranteed if a sample of the previous print can be supplied
