Branding Options

Spot Print

Digital Print

Embroidery [

Positioning

Engraving

Position 1: 'EMCOR' logo centred to front of folder as per visual.

DISCLAIMER

An on screen proof is NOT an accurate colour reproduction of your final printed piece but is the final opportunity for you to check the layout, bleeds, crops and final text.

Electronic proofs do not show transparency and over print issues. They also do not show the colour change from RGB or Pantone to CMYK. Therefore, Minto Branding Ltd will not be liable for colour variation between the proof and the printed product. We will try our best to match the colours of the proof and the printed product but please understand that colour variation differences are inherent inconsistencies of the printing process and we will not be held responsible for it. It is the customer's responsibility to determine if the job is colour critical.
