Note: The focus of this ethical audit is on the ETI Base Code and local law. The additional elements will not be audited in such depth or scope, but the audit process will still highlight any specific issues.

This report provides a summary of the findings and other applicable information found/gathered during the social audit conducted on the above date only and does not officially confirm or certify compliance with any legal regulations or industry standards. The social audit process requires that information be gathered and considered from records review, worker interviews, management interviews and visual observation. More information is gathered during the social audit process than is provided here. The audit process is a sampling exercise only and does not guarantee that the audited site prior, during or post-audit, are in full compliance with the Code being audited against. The provisions of this Code constitute minimum and not maximum standards and this Code should not be used to prevent companies from exceeding these standards. Companies applying this Code are expected to comply with national and other applicable laws and where the provisions of law and this Code address the same subject, to apply that provision which affords the greater protection. The ownership of this report remains with the party who has paid for the audit. Release permission must be provided by the owner prior to release to any third parties.

ETI

6.1 Working hours must comply with national laws, collective agreements, and the provisions of 6.2 to 6.6 below, whichever affords the greater protection for workers. Sub-clauses 6.2 to 6.6 are based on international labour standards.

6.2 Working hours, excluding overtime, shall be defined by contract, and shall not exceed 48 hours per week.

6.3 All overtime shall be voluntary. Overtime shall be used responsibly, taking into account all the following: the extent, frequency and hours worked by individual workers and the workforce as a whole. It shall not be used to replace regular employment. Overtime shall always be compensated at a premium rate, which is recommended to be not less than 125% of the regular rate of pay.

6.4 The total hours worked in any 7-day period shall not exceed 60 hours, except where covered by clause 6.5 below.

6.5 Working hours may exceed 60 hours in any 7-day period only in exceptional circumstances where **all** of the following are met:

- this is allowed by national law;
- this is allowed by a collective agreement freely negotiated with a workers' organisation representing a significant portion of the workforce;
- appropriate safeguards are taken to protect the workers' health and safety; and
- The employer can demonstrate that exceptional circumstances apply such as unexpected production peaks, accidents or emergencies.

6.6 Workers shall be provided with at least one day off in every 7-day period or, where allowed by national law, 2 days off in every 14-day period.

Current Systems and Evidence Examined

To complete 'current systems' Auditors examine policies and written procedures in conjunction with relevant managers, to understand, and record what controls and processes are currently in place e.g. record what policies are in place, what relevant procedures are carried out, who is/are responsible for the management of this item of the code. Evidence checked should detail any documentary or verbal evidence shown to support the systems.

Current systems:

Normally, five days a week, 8 hours a day, Saturday as overtime and pay two times wage of normal time. Most employees could have one day rest days per week. Sample month check was conducted:

10B4.8 Businesses shall have available for review any environmental certifications or any environmental management systems documentation

10B4.9 Businesses should have a nominated individual responsible for co–ordinating the site's efforts to improve environmental performance.

B4. Guidance for Observations

10B4.10 Suppliers should have completed the appropriate section of the SAQ and made it available to the auditor.

10B4.11 Has the site recently been subject to (or pending) any fines/prosecutions for noncompliance to environmental regulations.

Note for auditors and readers. This environment section is intended to take not more than 0.25 auditor days. It is an assessment only and the main requirement is to establish whether a site is meeting applicable environmental laws and/or has any certifications or environmental management systems in place. Following this assessment, the client/supplier may decide a full environmental audit is required (see also best practice guidance/environment and guidance for auditor)

Current Systems and Evidence Examined

To complete 'current systems' Auditors examine policies and written procedures in conjunction with relevant managers, to understand, and record what controls and processes are currently in place e.g. record what policies are in place, what relevant procedures are carried out, who is/are responsible for the management of this item of the code. Evidence checked should detail any documentary or verbal evidence shown to support the systems.

Current systems:

The environmental testing report was reviewed, living waste water, air quality in workshop and noise were inspected and met the environmental requirements.

10C: Business Ethics – 4-Pillar Audit

[\(Click here to return to summary of findings\)](#)

To be completed for a 4-Pillar SMETA Audit

10C. Compliance Requirements

10C.1 Businesses shall conduct their business ethically without bribery, corruption, or any type of fraudulent Business Practice.

10C.2 Businesses as a minimum must meet the requirements of local and national laws related to bribery, corruption, or any type of fraudulent Business Practices.

10C.3 Where it is a legal requirement, businesses must be able to demonstrate that they comply with all fiscal legislative requirements.

10C.4 Businesses shall have access to a transparent system in place for confidentially reporting, and dealing with unethical Business Ethics without fear of reprisals towards the reporter.

10C.5 Businesses should have a Business Ethics policy, covering bribery, corruption, or any type of fraudulent Business Practice.

10C.6 Businesses should have a designated person responsible for implementing standards concerning Business Ethics

10C.7 Suppliers should ensure that the staff whose job roles carry a higher level of risk in the area of ethical Business Practice e.g. sales, purchasing, logistics are trained on what action to take in the event of an issue arising in their area.

10C. Guidance for Observations

10C.8 Businesses should communicate their Business Ethics policy, covering bribery, corruption, or any type of fraudulent Business Practice to all appropriate parties, including its own suppliers.

10C.9 Has the site recently been subject to (or pending) any fines/prosecutions for non-compliance to Business Ethics regulations. If so is there evidence that sustainable corrective actions have been implemented

Note for auditors and readers. This Business Ethics section is intended to take not more than 0.25 auditor days. It is an assessment not an audit.

Current Systems and Evidence Examined

To complete 'current systems' Auditors examine policies and written procedures in conjunction with relevant managers, to understand, and record what controls and processes are currently in place e.g. record what policies are in place, what relevant procedures are carried out, who is /are responsible for the management of this item of the code. Evidence checked should detail any documentary or verbal evidence shown to support the systems.

Current systems:

Based on documents review and management interview, it was noted that the factory trained the staff whose job roles carry a higher level of risk e.g. sales, purchasing on Apr. of 2020.

(1) A SMETA audit was conducted which included some or all of Labour Standards, Health & Safety, Environment and Business Ethics. The SMETA Best Practice Version 6.1 (March 2019) was applied. The scope of workers included all types at the site e.g. direct employees, agency workers, workers employed by service providers and workers provided by other contractors. Any deviations from the SMETA Methodology are stated (with reasons for deviation) in the SMETA Declaration.

(2) The audit scope was against the following reference documents

2-Pillar SMETA Audit

- ETI Base Code
- SMETA Additions
 - Universal rights covering UNGP
 - Management systems and code implementation,
 - Responsible Recruitment
 - Entitlement to Work & Immigration,
 - Sub-Contracting and Home working,

4-Pillar SMETA

- 2-Pillar requirements plus
- Additional Pillar assessment of Environment
- Additional Pillar assessment of Business Ethics
- The Customer's Supplier Code (Appendix 1)

(3) Where appropriate non-compliances were raised against the ETI code / SMETA Additions & local law and recorded as non-compliances on both the audit report, CAPR and on Sedex.

(4) Any Non-Compliance against customer code shall not be uploaded to Sedex. However, in the CAPR these 'Variances in compliance between ETI code / SMETA Additions/ local law and customer code' shall be noted in the observations section of the CAPR.

SMETA Declaration

I declare that the audit underpinning the following report was conducted in accordance with SMETA Best Practice Guidance and SMETA Measurement Criteria.

- (1) Where appropriate non-compliances were raised against the ETI code / SMETA Additions & local law and recorded as non-compliances on both the audit report, CAPR and on Sedex.
- (2) Any Non-Compliance against customer code alone shall not be uploaded to Sedex. However, in the CAPR these 'Variances in compliance between ETI code / SMETA Additions/ local law and customer code' shall be noted in the observations section of the CAPR.

Any exceptions to this must be recorded here (e.g. different sample size): NA

This report provides a summary of the findings and other applicable information found/gathered during the social audit conducted on the above date only and does not officially confirm or certify compliance with any legal regulations or industry standards. The social audit process requires that information be gathered and considered from records review, worker interviews, management interviews and visual observation. More information is gathered during the social audit process than is provided here. The audit process is a sampling exercise only and does not guarantee that the audited site prior, during or post-audit, are in full compliance with the Code being audited against. The provisions of this Code constitute minimum and not maximum standards and this Code should not be used to prevent companies from exceeding these standards. Companies applying this Code are expected to comply with national and other applicable laws and where the provisions of law and this Code address the same subject, to apply that provision which affords the greater protection. The ownership of this report remains with the party who has paid for the audit. Release permission must be provided by the owner prior to release to any third parties.

Guidance for Observations</p> <p>10C.8 Businesses should communicate their Business Ethics policy, covering bribery, corruption, or any type of fraudulent Business Practice to all appropriate parties, including its own suppliers.</p>	<p>We promote honesty and integrity in our business conduct by raising ethical awareness among our employees and providing direction and education on ethical issues. Further, we prohibit bribes, kickbacks, or and any other illegal inducements in business or government relationships.</p> <p>We expect employees to ask questions and raise concerns about business practices when they see something they think might be wrong. There may be times when employees are not comfortable speaking with their supervisors, compliance officers or human resources contacts, or simply wish to remain anonymous. Consistent with applicable local law, we have a toll-free and in some countries a collect call/reverse charge telephone HelpLine and an online version WebLine, so that our employees can confidentially and, if they wish, anonymously report instances of suspected wrongdoing or ask questions about compliance matters. Our HelpLine operates in more than 90 countries.</p> <p>As described on our public internet site, reports from people outside of the company of suspected wrongdoing may also be brought to our attention in four ways: (1) by mail; (2) by email; (3) through our HelpLine; and (4) through our WebLine.</p>

10C.9 Has the site recently been subject to (or pending) any fines/prosecutions for non-compliance to Business Ethics regulations. If so is there evidence that sustainable corrective actions have been implemented.
