	Please note that all Amazon orders require a blue “non-inventory” label affixing to every outer carton. This is a mandatory requirement and is a condition of this Purchase Order. The applicable blue label(s) have been attached with our Purchase Order and should be clearly visible on each outer carton when they arrive at Amazon sites. Failure to comply with this instruction could delay delivery to the applicable Amazon end user and may also require the goods to be collected by your company and re-sent according to these instructions. In this instance your company will be liable for all additional costs. If you have any queries, please advise the Geiger sales co-ordinator upon receipt of this Purchase Order.
